Latinos prepare for possible war

Phoenix-based Nuestros Reconquistos claims that there will be a war very similar to the Civil War fought in the next five years. “La Raza and MEChA have already talked to Latinos and Phoenix and explained that Latinos need to arm themselves for war,” says Nuestros Reconquistos President Manuel Longoria.

Cecilia Maldonado of Chicanos Unidos Arizona isn't hoping for any sort of war, but believes it may be unavoidable. “For generations, our people have prepared us to take back the lands of the Southwest that were stolen from our Mexican ancestors. Because of the bad economy and many racist laws, Latinos will be forced to fight sooner than later,” says Mrs. Maldonado.

Latino groups believe they have enough people in states such as California, Nevada, Arizona, New Mexico, and Texas to successfully wage a war on the United States. Who's side will you be on?
